# Shell Summer Screenwash

## Concentrated Screen washer fluid for use in summer and temperate climates

Shell Summer Screenwash is a specially developed environmentally friendly waterbased fluid designed to provide excellent grime, salt and cleaning performance and contains proprietary anti-beading properties to leave a streak-free finish.

---

### Applications

The product is suitable for use in all windscreen wash fluid systems in modern automotive applications.

The product is to be diluted one part concentrate to 9 parts water (ie 10%) in the washer fluid system.

### Performance Features and Benefits

- **Excellent cleaning performance**  
Removes road grime and dirt from windscreens quickly and easily
- **Removes salt**  
Cleans salt from windscreens from ocean spray and road salting processes
- **Forces beading of water droplets** leaving a streak-free finish on windscreen surfaces
- **Phosphate free, environmentally friendly**
- **Biodegradable**
- **Compatible with all modern wiper blade systems**

### Specifications and Approvals

Suitable for use in all modern automobile applications

### Health & Safety

Guidance on Health and Safety is available on the appropriate Safety Data Sheet, which can be obtained from your Recochem representative.

### Protect the Environment

Take used product to an authorised collection point. Do not discharge into drains, soil or water.

### Shelf Life

When stored undercover, away from moisture and direct sunlight, this product should be suitable for use for up to three years after the date of manufacture.

### Typical Physical and Chemical Characteristics

Summer Screenwash	Units	Performance
Colour		Ice Blue
pH		6.8
Density	Kg/Litre	0.99

These characteristics are typical of current production. Whilst future production will conform to Recochem's specification, variations in these characteristics may occur.
