Shell Insect & Tar Remover

Shell Insect & Tar Remover is a specially developed fluid designed to provide excellent cleaning performance for the removal of stubborn road grime, tar, insect and tree sap from vehicles.

Applications

Shell Insect & Tar remover can be used on any surface of a vehicle's exterior where stubborn road grime and other deposits have been left on the vehicle.

Performance Features and Benefits

- **Excellent cleaning performance**
Removes tar, insect, tree sap and other stubborn grime from vehicles
- Biodegradable
- Safe for application on paintwork plastics, glass, metal and rubber surfaces.

Product Use

- Spray Shell Insect & Tar remover onto affected area then allow it to soak for a minute without letting it dry.
- Then wipe off tar or insect residue with a clean and dry microfiber towel.

Specifications and Approvals

Suitable for use in all modern automobile applications

Health & Safety

Guidance on Health and Safety is available on the appropriate Safety Data Sheet, which can be obtained from your Recochem representative.

Protect the Environment

Take used product to an authorised collection point. Do not discharge into drains, soil or water.

Shelf Life

This product is to be stored undercover, in dry conditions at ambient temperature below 30°C, and away from direct sunlight and possible moisture ingress.

When stored under such conditions, with the cap and packaging remained sealed, then the shelf life of the product is 5 years. Once opened and unsealed, the product should be fully consumed as soon as possible.
