Shell All Seasons Screenwash

Windscreen washer fluid for use in all weather conditions including snow and ice.

Shell All Seasons Screenwash is a specially developed environmentally friendly alcohol based fluid designed to provide excellent grime, salt and cleaning performance.

Applications

The product is suitable for use in all windscreen wash fluid systems in modern automotive applications.

The product is ready to use and should not be diluted further.

Performance Features and Benefits

- **Excellent cleaning performance**
Removes road grime and dirt from windscreens quickly and easily
- **Removes snow and ice**
Rapidly melts snow and ice from windscreen surfaces and creates a sparkling finish
- **Removes salt**
Cleans salt from windscreens from ocean spray and road salting processes
- **Phosphate free, environmentally friendly**
- **Biodegradable**
- **Compatible with all modern wiper blade systems**

Specifications and Approvals

Suitable for use in all modern automobile applications

Health & Safety

Guidance on Health and Safety is available on the appropriate Safety Data Sheet, which can be obtained from your Recochem representative.

Protect the Environment

Take used product to an authorised collection point. Do not discharge into drains, soil or water.

Shelf Life

This product is to be stored undercover, in dry conditions at ambient temperature below 30°C, and away from direct sunlight and possible moisture ingress.

When stored under such conditions, with the cap and packaging remained sealed, then the shelf life of the product is 5 years. Once opened and unsealed, the product should be fully consumed as soon as possible.

Typical Physical and Chemical Characteristics

All Seasons Screenwash	Units	Typical
Colour		Blue
pH		7.0
Density	Kg/Litre	0.91

These characteristics are typical of current production. Whilst future production will conform to Recochem's specification, variations in these characteristics may occur.
